

# SAVE MONEY ON YOUR ELECTRICITY BILLS!

500 Residents of **Uptown** and **Oakland** will receive *free energy-saving tools and tips* through participation in a one-year **energy saving** challenge

## Be an **Energy Coach**

**Who:** Limited to 10 residents of Oakland and Uptown – no one knows the neighborhood like you do – your knowledge and network are key to making this program a success

**What:** Participate in about 10 free training and planning sessions to help recruit and roll out the program; organize 12 monthly distributions of information on tips and tools; gather feedback from program participants

**When:** About 20 hours/month for the span of this program (Jan 2016 – Apr 2017)

**Why:** Community engagement, helping your neighbors reduce their energy costs, healthier homes in your neighborhood, networking, volunteer experience, good karma, and the list goes on!

**Anything else?** As a thank you for participating, we will make a small stipend available to our Energy Coaches during the term of the program

Grassroots Green Homes aims to generate momentum for energy efficiency, home performance, and home health in Oakland and Uptown. Our goal is to engage 500 residents through community outreach, neighbor-to-neighbor trainings, and home weatherization. Residents will receive monthly tools and tips to help reduce their energy use. But we can't do it without you!

Apply today! <http://goo.gl/forms/DWNJNrfccM> Deadline: 12/21
